

PACKED TO A.C.T (All Cleaning Together)

Montgomery Clean City Commission takes on school clean-up program

What: Join us for our new school clean-up program, Packed To ACT (All Cleaning Together), as we tackle helping schools in need.

This is a 3 PHASE project that will consist of mural painting, indoor painting, and outdoor landscaping. None of which we would be able to accomplish without A LOT of volunteer assistance. Gather your friends, family, and coworkers and sign up for this event!

PHASE 3: Outdoor Landscaping, between July 23- August 3

A great opportunity for team building within your company, choose from 1 of 23 schools to adopt and head out during a date/time that works best for your group, between this 2 week period. We will provide the pine straw and gloves. We ask that you bring along any extra yard tools that you have access to.

To sign your group up for this please contact our office directly: 334.625.2175
